## SUMMER SESSION I \* July 6th-30th

The July Summer Session will run from July 6th-30th. Class levels are combined for existing hālau members as summer classes are usually smaller due to vacations. If you miss a class, you may make up a class on any of the "mixed hula classes". This is a great time to introduce new students to our hālau when things are a little slower paced. The four week course will prepare you for the beginning class during the regular fall session. New students to our hālau should enroll in the "New Student Workshop", and may also enroll in drumming and/or Ori Tahiti. There will be no "New Student Enrollment Fee" during the summer session. New students that enroll in the fall will be expected to pay the \$25 "New Student Enrollment Fee" at that time. The keiki competition classes are currently closed to new enrollment as they are preparing for the Keiki Hula Competition on August 8th-9th in Modesto.
